ABOUT ME

Currently pursuing M.Tech in Embedded Systems with hands-on experience in Arduino, ESP32, and IoT-based projects. Skilled in Embedded C, AWS, Jenkins, Git, GitHub, Linux, and Shell Scripting. Passionate about Embedded Systems, Firmware Development, and IoT technologies.

EDUCATION

2025 - 2027 (Expected)

Kuppam Engineering college

M.Tech

In Embedded systems - 9.25 CPGA

2022 - 2025

Kuppam Engineering college (JNTUA)

B.Tech

In the department of Electronics and communication engineering - 85.5%

2019 - 2022

Kuppam Engineering college (SBTET)

Diploma

In the department of Electronics and communication engineering - 95%

2019

AP model School, Ramakuppam

SSC

9.8 CPGA

PROJECT

DADDASS (Driver Alcohol Detection and Drowsiness Alerting System for Safety):

- Developed a driver safety system using Arduino, alcohol sensor (AS7262 spectral visible sensor), and eye-blink sensor.
- Detected alcohol consumption and driver drowsiness in real time.
- Generated alerts to improve road safety and prevent accidents.

Smart glass using IOT :

- Designed an ESP32-based smart glass for health monitoring and IoT connectivity with real time notifications.
- Integrated pulse sensor, temperature sensor, and accelerometer for real-time data collection.
- Enabled cloud-based monitoring and notifications using MQTT on glass by the Augmented reality facility.

DevOps using AWS cloud :

- Deployed applications on AWS EC2 using Tomcat, Maven, Git, and GitHub.
- Configured Jenkins for automated build and deployment processes.
- Implemented a CI/CD pipeline to streamline software delivery.

SKILLS

- Languages : C, Embedded C, Shell script
- Embedded Systems & IoT : Arduino, ESP32, Sensor Interfacing, IOT application development
- Protocols : UART, SPI, I2C, MQTT
- Cloud & DevOps tools : AWS, ThingSpeak, Tomcat, Jenkins, Git, GitHub, MobaXterm
- Operation System : Linux, Windows, RTOS

INTERNSHIP & CERTIFICATION

- Introduction to Embedded system design from NPTEL.
- Introduction to IOT from NPTEL.
- DevOps from Internship Studio and IBM.
- VLSI from Skill Dzure .
- Electronics from APSSDC.

ACHIEVEMENT & PRESENTATIONS

- Consistently achieved Academic Topper status across Diploma, B.Tech, and M.Tech programs.
- Worked as a trainee in the workshop of Atal Tinkering Lab.
