ABOUT ME

Computer science engineer graduate with skills in Python, SQL, AWS fundamentals, Git, and AI application development. Experienced in developing a RAG-powered agricultural chatbot using Flask, FAISS, and DeepSeek LLM for context-aware information retrieval. Strong problem-solving skills demonstrated through 100+ LeetCode problems and hands-on project development. Seeking entry-level Software Developer, Python Developer, or AI-related roles.

EDUCATION

B.Tech in Computer Science Engineering Kuppam Engineering College (JNTUA)	2023 - 2026	69%
Diploma in Electronics and Communication Engineering Kuppam Engineering College (SBTET)	2019 - 2023	
ITI - Govt ITI College, Shantipuram	2017 - 2019	
SSC - ZPHS, Lakkanapalli	2017	

PROJECT

RAG-Powered Agricultural Advisory Chatbot

- Tech Stack: Python, Flask, FAISS, DeepSeek LLM, RAG, HTML, CSS, JavaScript
- Developed an AI-powered agricultural advisory chatbot using RAG, FAISS, and DeepSeek LLM to retrieve context-aware answers from agricultural PDF documents.

JobConnect – Job Portal Web Application

- Tech Stack: Python, Flask, MySQL, HTML, CSS, JavaScript
- Developed a full-stack job portal web application using Flask and MySQL that enables user authentication, job posting, job searching, and application management through a responsive web interface

TECHNICAL SKILLS

- Languages : Python, SQL, JavaScript (Basics)
- Python Libraries : NumPy, Pandas, Matplotlib
- AI & LLM Technologies : Retrieval-Augmented Generation (RAG), FAISS, Prompt Engineering
- Cloud & Version Control : AWS (Fundamentals), Git, GitHub
- Core Computer Science : Object-Oriented Programming (OOP), Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

INTERNSHIP & CERTIFICATION

- Python Programming Virtual Internship – SkillDzire (4 Months)
- Python Workshop – 10 Days
- NPTEL – Data Analysis and Decision Making
- Python Programming Virtual Internship Certificate

ACHIEVEMENT & PRESENTATIONS

- Solved 100+ LeetCode problems in Python, covering arrays, strings, hashing, and problem-solving.
- Presented "Development of a RAG-Powered Agricultural Advisory Chatbot" at NCRICT'26 National Conference.
- Member of the Championship - Winning cricket team at Kuppam Engineering College during diploma studies.
